The venue is easily reachable by car from many European countries and that is why we expect most teams to use this means of transport. The address of the venue (official arrival point) is: [Sports Hall Český Krumlov, Chvalšinská 111, 381 01 Český Krumlov, Czech Republic](#)

However, we will assist all teams not arriving by car with finding their way to Český Krumlov. Through established companies www.regiojet.cz, www.flixbus.cz or www.shuttleck.cz it is easily possible to travel to Český Krumlov from Linz (LNZ), Prague (PRG) or Vienna (VIE) airports. The highest price for one way trip by shuttle (e.g. from Prague airport directly to the venue in approximately 2.5 to 3 hours) is ca. 1000 CZK (ca. 40 EUR). Nevertheless, the prices may differ for groups and the costs can be significantly lowered. Trip from Vienna takes approximately the same time as from Prague, the distance from Linz is 50% shorter.

It is also possible to travel from Prague airport by Regiojet or Flixbus buses (ca. 4 hours) for 10 EUR per person or less.

This service is not provided directly by us. However, we will be glad to help you with booking your transport or just finding the right travelling solution. Please contact us at infoCZECHU17@seznam.cz.

20th September 2020 would be the deadline for booking your transport. Stating your flight number, date and time of arrival will also be a helpful information to us.

MĚSTO ČESKÝ KRUMLOV

Český Krumlov (www.ckrumlov.cz) is a unique nature-historic complex. In 1992, the historic midtown, together with the castle and the castle garden, was included onto the list of UNESCO World Cultural Heritage Monuments. In the midtown area, there are 277 immovable cultural monuments and two national cultural monuments: The State Castle Český Krumlov and the St. Vitus Church.

Crooked streets, romantic nooks, and the original complex of town houses with the impressive prominent landmark of the Castle above river Vltava's meander, excellent exhibitions of world renowned artists, concerts, music festivals, theatre performances, pubs, cafés and middle age taverns, a colourful mixture of tourists from all over the world, all this is Český Krumlov – small and yet a cosmopolitan town with a unique atmosphere, surrounded by intact, beautiful countryside.

Český Krumlov is ...

- a town of cultural heritage - the second largest castle complex in the Czech Republic, part of the UNESCO List of Monuments, and the oldest baroque theatre in the world
- a town of arts and culture – Egon Schiele Art Centre, International Art Gallery, 7 museums and 4 galleries, numerous little shops with artistic items, 5 music festivals, theatre festival, Revolving Theatre
- a town of many experiences – historical festival, beer tasting in the local brewery, riding boats down the Vltava River, night sightseeing
- a town of congress and incentive tourism – conference halls, 5* and 4* hotels, exclusive historic premises, castle garden, sports and historical games, culinary experiences
- a town with beautiful countryside – hilly landscape convenient for hiking, cycling, riding horses, playing, rafting on and travelling along Vltava, near the Lipno river dam, landscape park Blanský les, National park Šumava.

Jihočeský kraj

The South Bohemian Region, for centuries managed by people in accordance with the demands of nature, will surprise every visitor with its beauty. Whoever arrives to see historic heritage will understand how enlightened and rich the noble families must have been and how brilliant the artists and artisans were. They left for future generations countless cultural and historic heritage sites as proof of the rich and multifaceted history: ancient cities full of life and culture, majestic Gothic churches, dreamy Renaissance chateaux, monasteries, vernacular architecture sites, interesting technical structures, including sophisticated fishpond systems.

However, South Bohemia has a high landscape value as well due to the absence of large industrial facilities. Proof of this is the great number of protected areas. South Bohemia is a region of countless fishponds, pine forests and extensive peat bogs, enhanced by outlines of cities and rural churches that harmonize beautifully with the snow-white marshland farmsteads. This is the typical South Bohemian scenery around České Budějovice, Třeboň and Veselí nad Lužnicí. However, South Bohemia also includes the rugged mountain landscape of the majestic Šumava Mountains, Novohradské Mountains and Blanský les. Countless beautiful

places are also found in the area east of Jindřichův Hradec: thanks to the little-disturbed wild country, abundant free-standing granite blocks, tall hills and large ponds, it is rightfully dubbed the Bohemian Canada.

In the north, the region is flanked by the picturesque Písek district in the basins of the Vltava and Otava rivers, and the Tábor district, renowned primarily thanks to its Hussite epoch. The present-day borders between South Bohemia, Austria and Germany divide a landscape whose history was frequently bound to one noble family and identical power interests. The Region's location predestines its cultural wealth as well: the cultural influences of the rugged Teutonic and Anglo-Saxon north clashed here with the refined arts of Italian Renaissance masters. Nevertheless, the cities are not historic open-air museums; to the contrary – they are vibrant with everyday life in a unique atmosphere. Come by, stay longer, come again.
